

**THE BUDAPEST CITY &  
SUBURBAN *flyer* TOUR**  
(A FIVE-DAY BREAK IN A RAIL SUPER CENTRE)  
Wednesday 7th to Sunday 11th October, 2020

***All-inclusive fare - Only £432.00***

(Does not include travel to and from Budapest)

**Hotel Single Room Supplement - £110.00 (Optional)**

**A Minimum Deposit of £110.00 will secure your seat on this Tour, and  
the balance must be received by 21st August**

Budapest has a very large public transport network and, as well as MAV-Start and the Budapest Metro & Trams (BKV); there is also the extensive Budapest Suburban Railway (BHEV - Budapesti Helyierdeku Vasut). Many members have shown an interest in BHEV, particularly as the system is included in Volume 4 of STARS Tram & Metro Systems Stock Book series. We included the system in the "Budapest City & Suburban Tour" in 2018 and it proved a great success. The tour comprehensively takes in all five lines, all depots, the museum, and when not on BHEV territory we will be trawling trams, Metros, and surface MAV as we go. We are also pleased to announce that we are staying throughout at a very familiar base, the **Baross City Hotel, Budapest**, which faces Keleti Station.

Remember that travel on all public Transport in Budapest and Hungary is **free to the over 65s on production of your Passport**. For those yet to attain that age the best means of travel during your stay will be by using the economical Budapest Three Day Public Transport Ticket, **but please note that the tickets are not included in your fare**. You must also arrange your own flight, or overland travel.

#### ITINERARY

##### Day One - Wednesday 7th October

In the past members have had difficulty in arranging early arrivals in Budapest and it is for this reason that we have arranged no formal visits for today. However, those 'early birds' can 'busy' themselves with Tram and Metro 'hotspots,' or observations at Budapest's three busy termini of **Nyugati, Keleti, or Deli**.

##### Day Two - Thursday 8th October

Our first **BHEV** lines today are **H9** which extends east from **Ors vezeer tere (Metro 2)** to **Csomor**. We also include the short Line **H8** which extends from **Cinkota** to **Godollo**. There will be no need for us to travel to the end of this line because nothing stables there and the depot is situated at **Cinkota**. The afternoon will be spent on Line **H5** which extends from **Batthyany ter (Metro 2)** to **Szentendre** in the North where we shall visit not only **Szentendre depot** but also **Budapest Urban Transport Museum**.

##### Day Three - Friday 9th October

Today we 'mop up' the two final **BHEV** Lines situated in the South. Line **H7** is the shorter of the two extending from **Boraros ter (Tram 2)** to **Csepel** where a **depot** visit awaits us. Retracing our steps, we conclude with Line **H6** which extends from **Kozvaghid (Trams 2 & 24)** to **Rackeve** where our final **BHEV depot** visit takes place.

##### Day Four - Saturday 10th October

By today your travels around the City will have resulted in countless Tram and Metro sightings but now you will maximise that as we 'blitz' the Tram and Metro 'hot spots' commensurate with your requirements. Yes, today we will arrange to do what you want to do. However, by now clearances may have been and you may be looking for other diversions. Don't forget the Museums waiting for a visit, such as the **Budapest Underground Railroad Museum** situated at Deak Ferenc Metro Interchange. There is also the **Hungarian Museum of Science, Transport and Technology** which has been closed for rebuilding for the last four years! Surely it will have reopened by now?

**Day **Five** - Sunday 11th October**

**DISPERSAL DAY** for those who have opted only for this tour, but for those who are continuing on the Hungarian Railtour, it's time to join the incoming group.

**Remember - Do Not Book Your Flight or Travel Arrangements  
Until We have Confirmed the Tour as Running**
